min. 3808 mm
- 
Battery capacity:
max. 48 V/ 850 Ah
- 
Drive motor rating:
15 kW

HIGHLY MANOEUVRABLE, EASILY SERVICEABLE BROADLY FLEXIBLE, EXTREMELY DEPENDABLE

The **EPX20-32i** series CLARK forklift is a quiet, non-polluting operation alternative to internal combustion engine trucks. The robust electric counterbalanced range trucks are suitable for most applications with handling capacities from 2,0 to 3,2 tons. A solid "built to last" construction with a well-designed driver compartment makes the CLARK **EPX20-32i** series the truck you need to operate in a

smart and safe manner over long periods. Wet, uneven floors and restricted working environments is not a problem for the **EPX20-32i**. Various options gives you the right truck for your working environment.

Talk to your CLARK dealer to find the optimum equipment for you.
